The major event of LAURUS for the month of December and the Academic Year 2021 is

LAURUS STARS’ TALENT SHOW

This is the show in which the participants performed Dance, Singing, Drawing and Fancy-Dress Competitions both Online and Offline. Dance Competition

True to the theme, the vivacious dancers set the floor on fire with their energetic performances and this was a reflection of their passion and hard work. The choreography, rhythm, synchronization and presentation of all the students were very good.

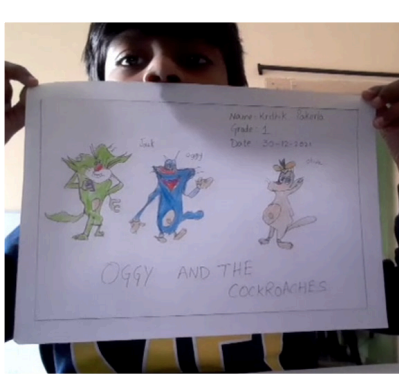

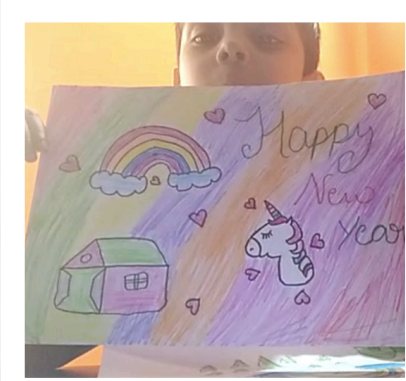

Singing Competition

The melodious songs pulled the heartstrings of the audience. Each student showed their mastery over voice modulation, pitch, rhythm and tone. The children showcased a sense of pride, self-esteem and self-confidence as a result of the competition.

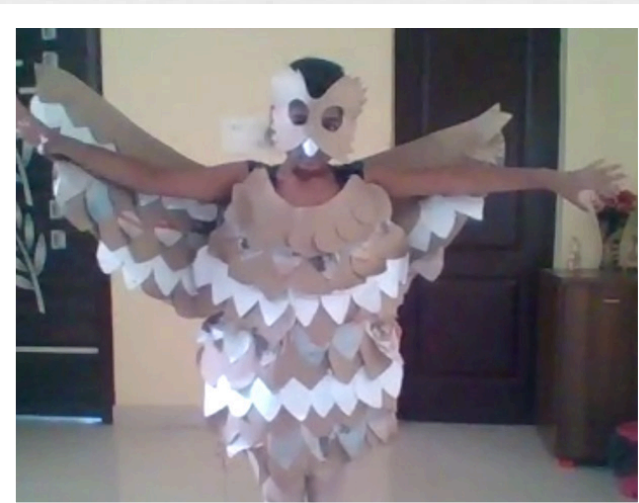

Drawing Competition

The competition aimed to keep the students connected to art and craft amid the pandemic. This competition helped students explore the world of art even more as they spend more time at home due to the pandemic.

Fancy Dress Competitions

Students came dressed up in their colourful costumes and spoke about the fruit/vegetable they depicted. The effort and hard work of children and the parents were highly commendable

Secret Santa

Christmas is a beautiful time of the year for everyone, more so, for the children. It is fun, laughter, and festive time that has a strangely magical touch to it

Secret Santa is fun-loving activity for children, and then distribute some lovely gifts amongst them. Nothing is better than to bring a million-dollar smile on the face of little champs. This activity has made the children happier.

The students online too expressed their joy through writing poems, stories and lines appreciating their peers.

LAURUS conducted physical classes from 1st November, 2021 to January, 2022 following covid protocol strictly and ensured that none of the students/ staff members was infected.

Nothing is more important than the safety of the children.

I hope that you and your families are all well and managing to keep safe.

As I start to pen my thoughts, a lot comes to my mind which I

feel privileged to share with you all. At the outset, I express my gratitude to the parents who have put their faith in us to educate their children. This brings with it tremendous responsibilities and I assure you that we are doing our best to live up to your trust in us.

I wish to empower our children with the courage to continue believing in themselves even in the face of adversity. The school also works to provide

encouragement and impetus to the children for self growth and help them experience sense of achievement and joy. I also ask parents' support to initiate our children to basic life skills and chores at home. For example, let them start by making their own beds and help you in cleaning. Lastly, and most importantly, our aim is to instil values in our children so that they grow up to be good human beings and responsible citizens. Together let's teach them the importance of values and attributes like kindness, honesty, generosity, humility, optimism, perseverance, tolerance and more.....so that they create a beautiful world around them.
