BRIDGE PROGRAM

RED COLOUR DAY CELEBRATION

SCHOOL ASSEMBLY

HOLIDAY HOME WORK

Bridge Program

Date: 02/03/2022

A Special Learning Program to enhance smooth transition of students from Online Learning to Offline Learning - a move from “Survival Mode to Thriving Mode”.

LAURUS successfully transitioned the students to remote learning during the pandemic and now coming up with a new strategy of moving forward with optimism to create an innovative Bridge for students to move smoothly from Remote learning to In-person learning.

SPEAKERS LAB

In this programme, through a series of short, snappy, fun and engaging activities, student learnt to speak, read and write English. Students developed understanding of the content of a good speech or a write-up and was able to express and write the content independently.

WRITERS LAB

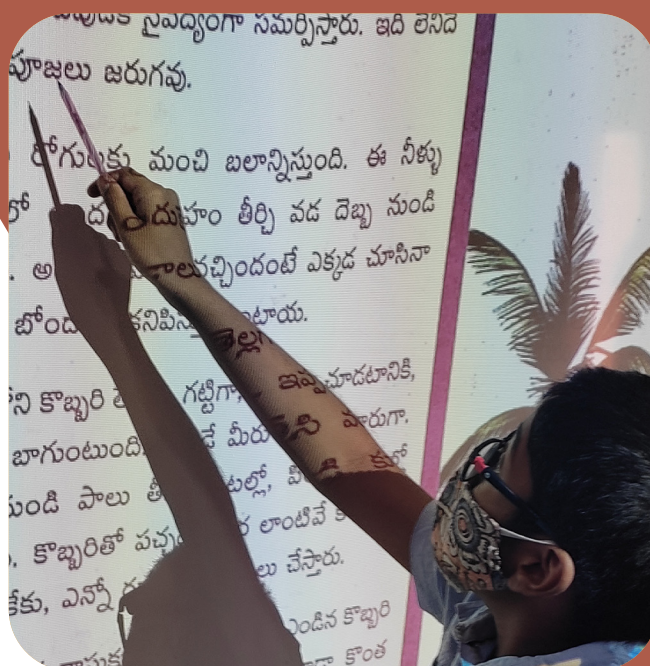

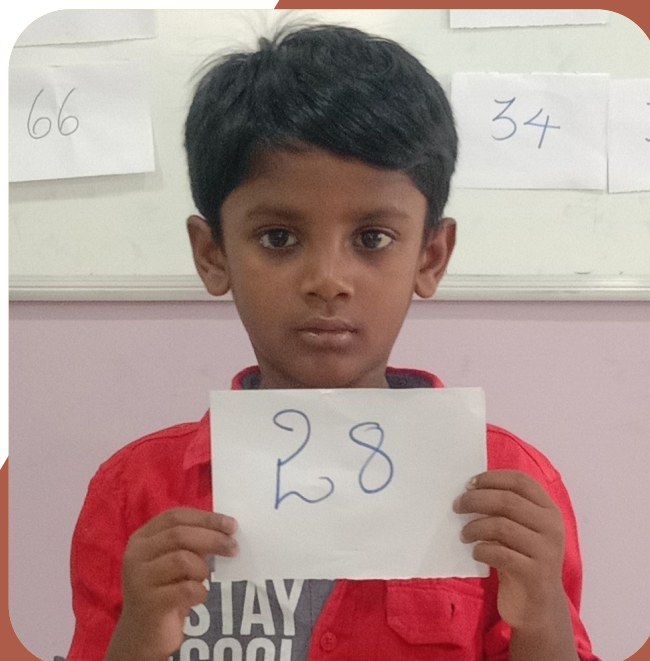

This program helped students to learn, write, read and developed creative and analytical skills needed to approach 2nd Language.

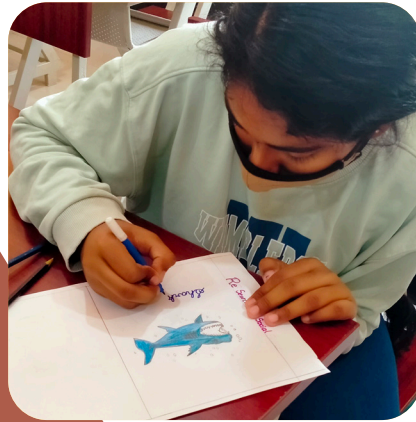

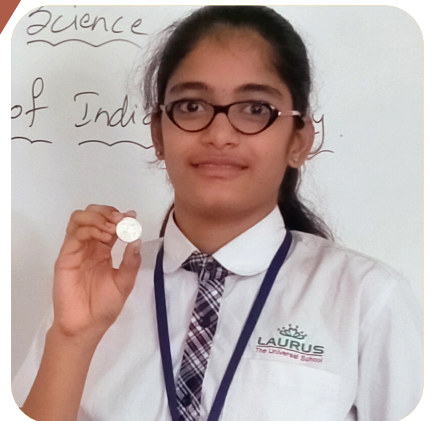

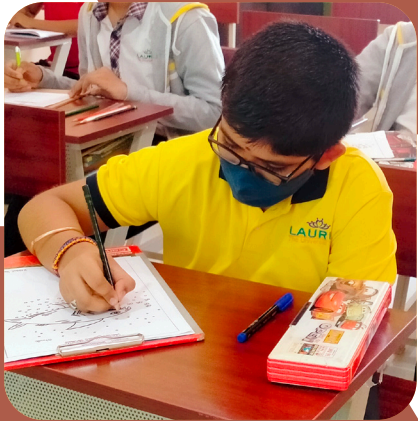

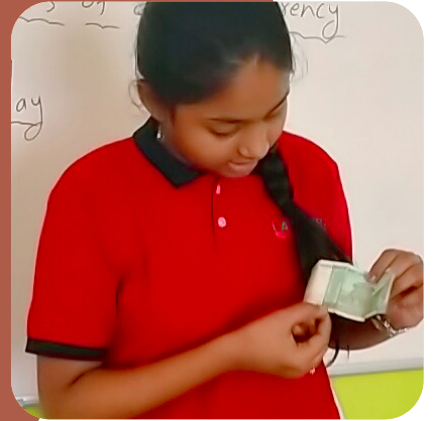

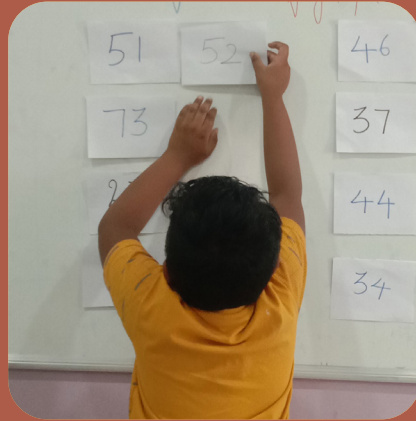

RESEARCH LAB

The course helped students to appreciate and demonstrate the use of scientific methods as a way to inquire and understand the world we live in and engage with things around us through a scientific perspective.

PROBLEM SOLVING LAB

The program helped students to understand the basics behind numbers; inspired and taught them effective problem-solving strategies; developed the ability to identify patterns or approaches leading to new insights - a useful skill for further progress in understanding 21st Century Mathematics.

PHONICS LAB

Phonics helped students to identify and use sounds to distinguish different words from each other. Phonics taught children the qualities of each letter and how to decode letters into sounds. This is a vital skill, when seeing unfamiliar words and helped students be more independent with their reading. Teachers helped students with a very basic level to advanced level of learning Phonics during this course.

Red Colour Day Celebration

Date: 22/04/2022

To celebrate the joy of colours we have a colour day every month and the colour of April was "Red".

Our Pre-primary Teachers conducted 'Red Colour Day' on 22-04-2022 to introduce kids into the mesmerizing realm of colours.

To mark this day very special, students and the teachers were dressed in red clothes.

The shades of red made the Kids feel bright, lively and cheerful. The day started off with the colour Red everywhere.

Classes were decorated with red balloons. Students brought Red Colour Fruits, Vegetables and things from home and displayed in the class. They actively participated in story narration and rhyme recitation.

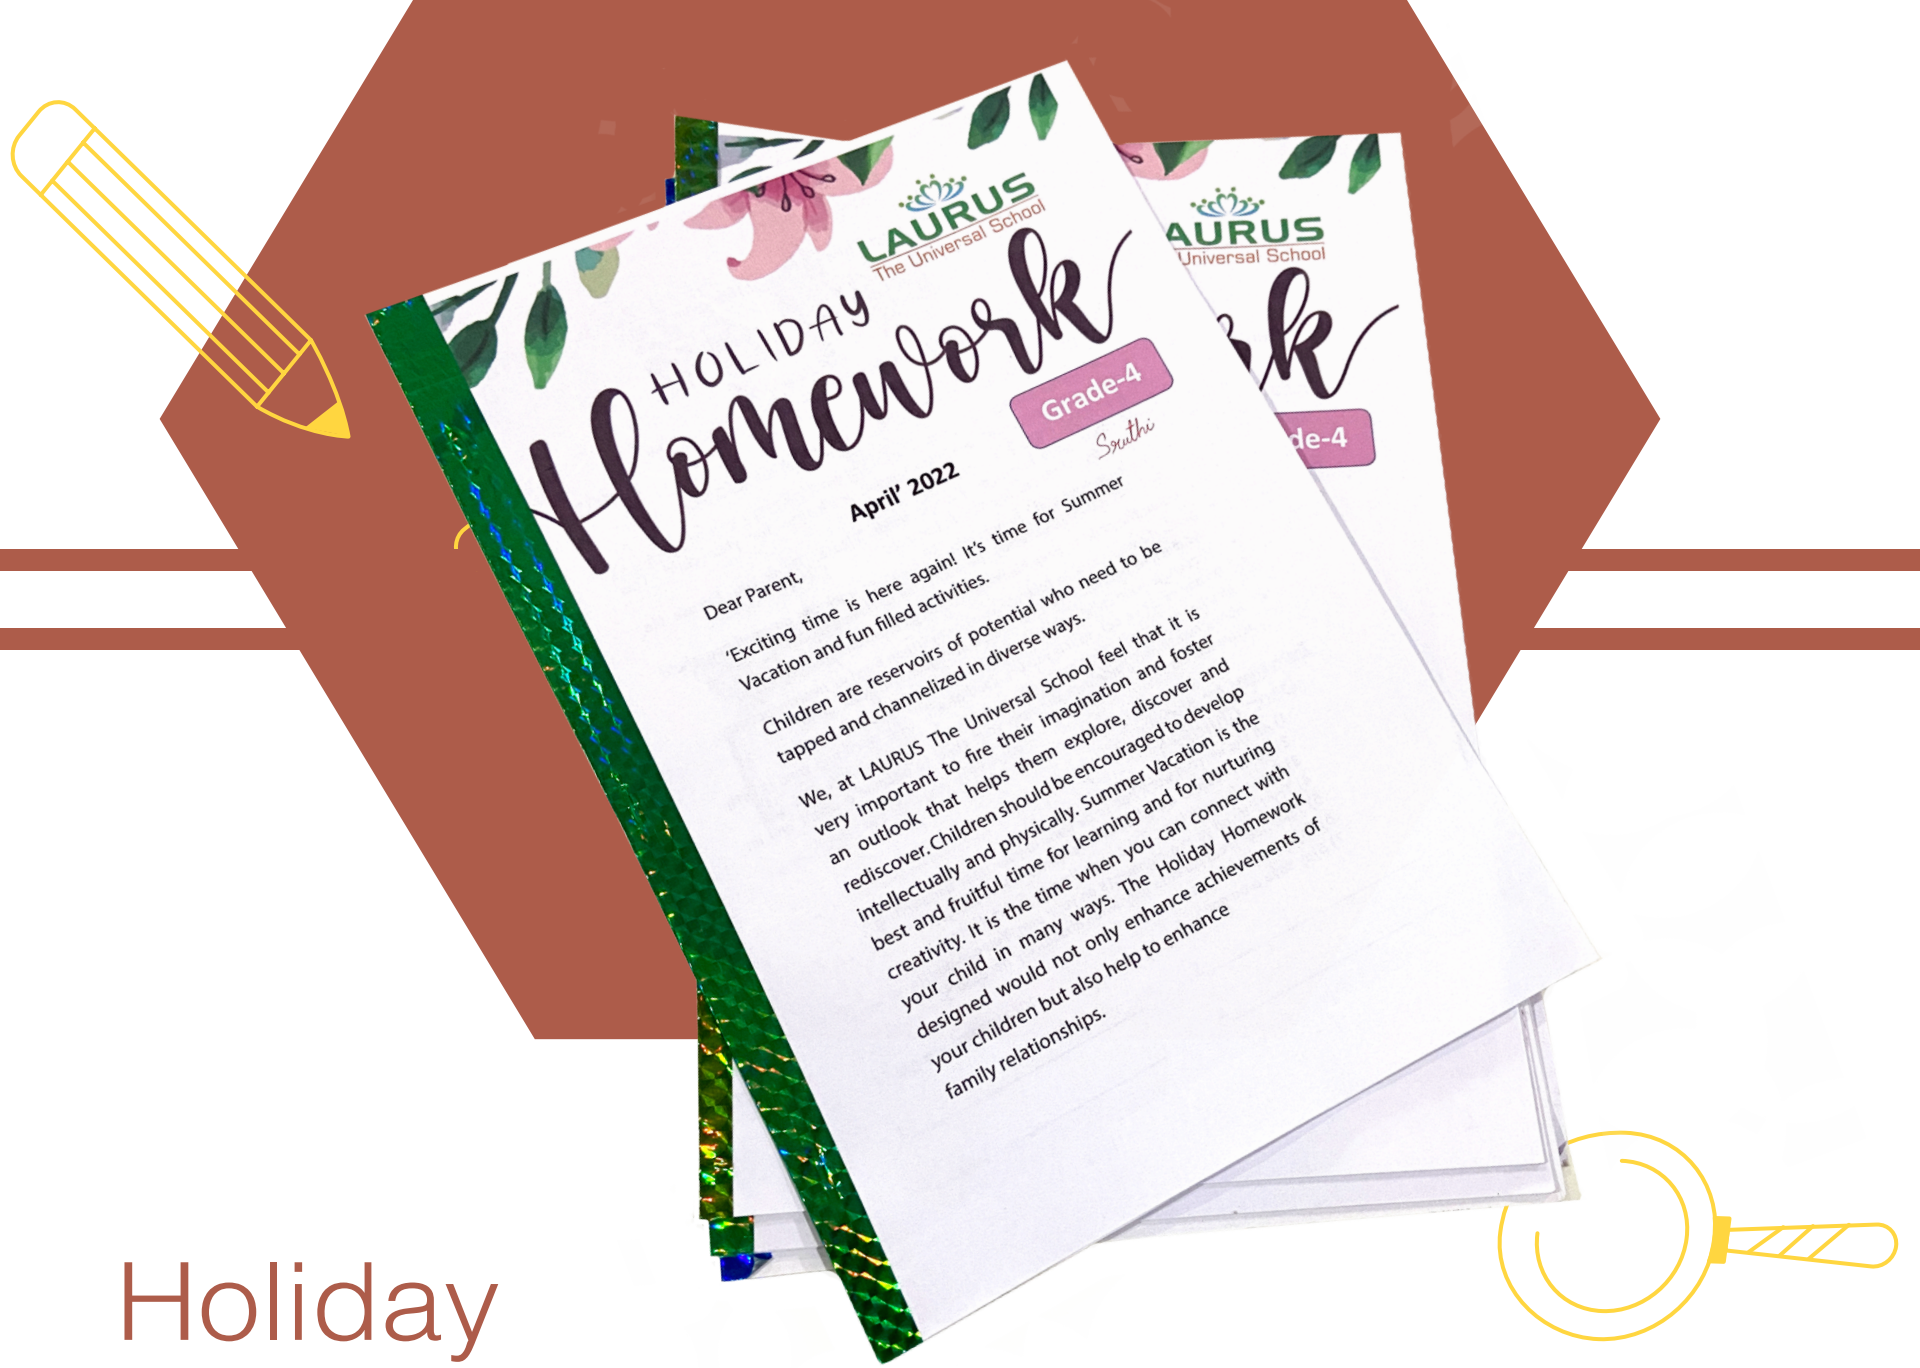

The 'Red Day' celebration was a wonderful learning activity which helped children to understand the concept of Primary Colours. Red colour also signifies Love and Compassion.

School Assembly

This is how a usual day with a Mass Assembly starts at the school. School Assembly runs with "Theme of the Month", clarifies school activities and lays out program focusing on the co-curricular activities. It simply strengthens the way a school works. It is conducted with a complete and active participation of the Students and the Teachers. Morning Assembly generally is well planned and carefully conducted, putting a lot of light on various aspects of school activities and culture.

Holiday Home Work

Date: 23/04/2022

Summer Holidays Homework is an initiative on our part, to inculcate innovativeness, creativity and interest in the tasks assigned to our students. It will not only enable them to recapitulate what was taught but will also help them to connect themselves to the various learning processes. Please ensure that your child completes the assignment neatly and submits to the respective Class Teacher on the school reopening Day.

School Reopens on 8th June
