To commemorate the birth of the second
President of India

Dr. Sarvepalli Radhakrishnan, who was
a philosopher and a great teacher, **every**

Indian education is undeniable.

The Teacher's Day was organised with
incredible gusto and zeal by the students

Teachers play a major role in making their students responsible citizens of tomorrow and good human beings. Hence to express their gratitude, a wide range of activities were organised on this occasion.

Fun filled games were planned at the school ground which reminded the teachers of their school days and made them feel nostalgic. That was not all, the students planned many spectacles for the day and showcased many scintillating dance performances, on some peppy numbers which highlighted the heart-

warming relationship between a teacher and a student.

The day concluded by honouring the teachers for their valuable contributions to the school.

The Director Dr. Gopala Krishna and the Principal Ms. Vijaya Lakshmi congratulated the teachers and acknowledged the sincere efforts of every teacher for painstaking effort they selflessly put in every day.

Grand Parents' Day A Celebration Of Life

A grandparent is a little bit friend, a little bit of parent and a little bit of a teacher.

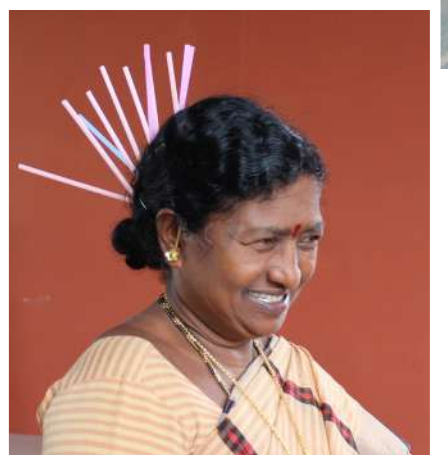

LUS advocates the fact that a child's real education starts at home. The family, especially grandparents, plays a major role in creating a culture full of moral values and discipline for the children. They help in creating a homogenous environment in the house which gives a sense of security to the child.

The celebration began with warm welcome of Grandparents by their Grand Children to their classes with a "Greeting Card". Grandparents shared their love and experiences with all the students, advised and blessed the children.

The Primary and Senior Classes began the event with a quiz and other interactive games for grandparents.

The children were very excited to see their grand-dad or grand-mom participate in the games and cheered them wholeheartedly. The grandparents were very sportive and brought out the child in them through their active participation. The fond affection for their grandchildren reflected in the very fact that they held the hands of their respective grandchild while performing some of the games. The children seemed like a motivation factor for everyone to give their best. A small gift is given to grandparents as a token of love from LUS family.

Grandparents' Day was a memorable one for the grandparents, who left with pleasant memories, loads of appreciation and heaps of blessings to the School and the Management.

Tiny toddlers were beautifully dressed in Purple. It was a pleasant and lovely day for these tiny tots. They also brought many purple-coloured objects-toys, fruits, vegetables etc. Colour recognition was done by displaying these items and encouraging children to speak a few

sentences on each object. Children took part with great enthusiasm in art and craft activities related to purple colour, thus reinforcing the concept of purple colour.
